## Notification hider pro apk

This way you can keep the notification bar over the phone in a cleaner and orderly state. Hide the statement of the notification and contents of the application, showing only the application of the application and the number of notifications. A simple message box button will allow you to enter the protect box, which allows you to quickly access the message box to view hidden messages. Download accelerated up to 200% with the dfast torrent cloud "À € Enjoy the fastest download service with Castre. This will block all notification messages. :: Mascara Notifications :: Establish different rhyme patterns to avoid secret messages (such as WhatsApp messages, Facebook messages, text messages) so others see them. When you establish a few keywords, such as the name or nickname of somebody or Some other word, it will also mask. Blocked messages will be hidden in a place for later checking. Hide notification is an excellent hidden notification and messaging blocker that can protect your new Messages, such as WhatsApp messages, Facebook messages, text messages, and more application alert notifications. Sleep well. When the application is configured in normal mask, it will hide the notification content Application, but will continue to show hidden messages sent by the application. It is designed to massively manage reporting messages from the notification bar application in a quick and fast way. Use the mode do not disturb to block all annoying notifications and involve them to hide the security notification box. Hide notification is a good notification and a messaging blocker for you. :: Efficient Notify Manager :: Notification box eliminates unwanted notifications and creates a displayed notification display. :: Notification Control of a single application :: Facely Controls Which application can show your notifications. APK Age Calculator and HormoScopo APK Hidden Notification can exclude annoying agritating notification, and you can choose according to your needs that the application's application can be retained, In addition to the system after Android 8.0 can remove any warning, including some can not be deleted before noticing, in general, it is a great software, I hope you may like ^ \_ ^ ^ ^ ^ ^ Happy mod " The best downloader for mod files! " "The best downloader for mod files!" Editor Review Hide notification is the best notification application for you. All notification details can be reviewed à € Add a few keywords to exclude that application notification do not It is displayed -> If you want to block all messages, enable "Do not Disturb" mode -> Hide the application specific notification by using the application settings from the application-> View Message Hidden notification box just like us on facebook download accelerated up 200% with torrent cloud "À € Enjoy the Make the most chosen download with DFAST.
